

## **Memorable Music For Elegant Moments** by Chuck Weirich

“Can you help us with musical suggestions for our special dances?” The answer is yes, and we have compiled the most popular requests from some of our recent weddings to serve as a guideline to assist you. We will always suggest that you think back to when you fell in love to select your first dance. Remember moments and music from your childhood, special family moments, to select music that will be meaningful for your dance with your parents. *My goal is to play music that is meaningful to you, that will also allow your guests to leave your reception knowing more about you through the music and atmosphere you helped us to create!*
